## PROJECT PROFILE / September, 2003

**PROJECT:** WH Smith / DEN  
**CLIENT:** WH Smith USA  
**LOCATION:** Denver International Airport ( DEN )  
Landside Terminal / Concourses A, B, and C  
**ARCHITECT:** RCS AIRdesign

### PROGRAM:

To provide consulting services for mid-term lease upgrades on five News & Gift spaces throughout the airport. The scope addressed an Airport/Concessionaire combined list of repair and upgrade issues as part of the lease requirements. The scope was to be addressed in a minimal amount of time with the Work not interrupting the ongoing operations of the various stores.

### SERVICES PROVIDED:

Predesign Services included review of the issues of concern, analyzing opportunities and constraints for most efficient implementation as well as observations to identify any additional issues. Work Scope directives and necessary details and specifications were prepared, where applicable. All the while working in close coordination with the Client's construction management staff and Contractor. Services included Programming, Site Evaluation, Project Budgeting, and, Materials Selection.
